Presented by:

Deepika Mishra

Problem Statement

Students often face difficulty in finding proper and reliable study material.

They have to search on multiple platforms to get topic-wise content.

This process is time-consuming and sometimes confusing.

There is no single platform where all content is available in an organized way.

Objective

Provide all study material at one place

Make topic-wise content easily accessible

Save time and effort of students

Solution :

We developed a platform where students can find all study material in one place.

The content is organized topic-wise for easy understanding.

This platform is simple, user-friendly, and saves time

Easy to use interface

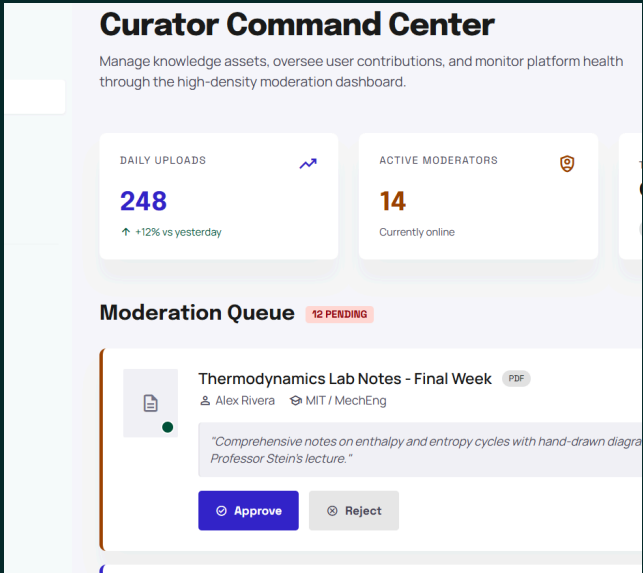

Topic-wise organized notes

Quick search option

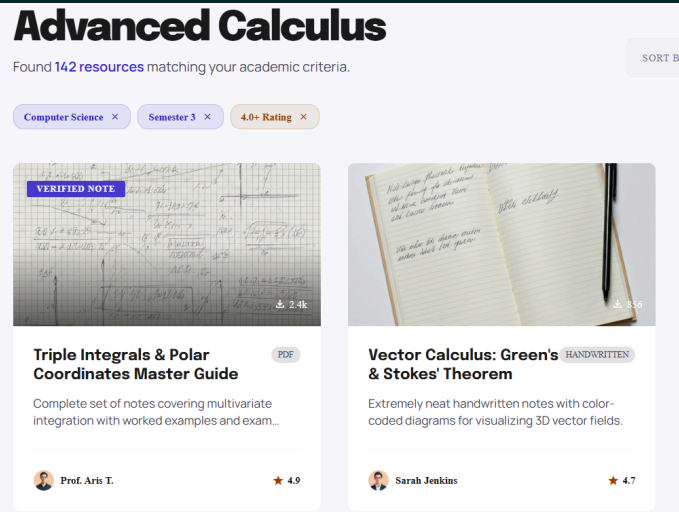

Accessible anytime, anywhere
